CURRENT PRODUCT INTEGRATIONS

UNLIMITED ROBOTICS

Unlimited Robotics partnered with Genius Tech to elevate their brand image by combining cutting-edge Israeli technology with world class PR, branding and business development to bring this technology to the global market. Genius Tech powered by Unlimited Robotics is excited to introduce our automated support robot designed to support various tasks in hospitals and senior care facilities. They are gearing up to deploy a 1,000-unit pilot in 2025 as the next step towards the advancement of the technology to make a positive impact around the world.
